

## Special Issue

# Molecular Horizons in Pain Therapeutics

### Message from the Guest Editor

This Special Issue seeks to present a comprehensive exploration of emerging interventional techniques through the lens of molecular and cellular science, highlighting how advanced therapies intersect with the biology of pain. Furthermore, this issue aims to highlight how advances in molecular diagnostics, such as transcriptomic and proteomic profiling, are paving the way for more personalized and targeted approaches in interventional pain management. Understanding how these interventions influence cellular behavior—such as the recruitment of endogenous stem cells, alteration of nociceptive signal transduction, or attenuation of pro-inflammatory microenvironments—offers promising directions for optimizing therapeutic efficacy.

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,  
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle  
Marche, Via Ranieri 65, 60100 Ancona, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
