

## Special Issue

# Role of Natural Products in Human Health and Disease

### Message from the Guest Editors

Natural substances exhibit diverse biological functions and play a crucial role in regulating cellular, organismal, and individual health. They can also exert potent biological effects. While pinpointing a precise molecular target within such extracts may be challenging, they still hold promise for therapeutic applications. This Special Issue focuses on investigating the biological activity of natural compounds from either plants, animals, insects, or microorganisms, emphasizing their clear and robust effects compared to existing therapies. State-of-the-art research including studies involving animals and humans will form a significant part of this Special Issue.

### Guest Editors

Prof. Dr. Sung-Joon Lee

Department of Biotechnology, College of Life Sciences and Biotechnology, Korea University, Seoul, Republic of Korea

Dr. Ji Hae Lee

Department of Agricultural Biology, National Institute of Agricultural Sciences, Wanju-gun, Jeonju 55365, Jeollabuk-do, Republic of Korea

### Deadline for manuscript submissions

20 September 2025

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,  
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle  
Marche, Via Ranieri 65, 60100 Ancona, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore  
- Q1 (Organic Chemistry)
