Special Issue

Colorectal Cancer: A Molecular Genetics Perspective

Message from the Guest Editor

Colorectal cancer (CRC) is a heterogeneous disease caused by an accumulation of genetic mutations. Recent advances in genomic investigations have resulted in a rapid increase in our understanding of CRC's molecular basis, and a new era of targeted therapies has emerged that tailored treatment regimens to the mutation profiles of individual tumors. This horizon would be achievable through gaining a working knowledge of the pathological mechanisms that drive the malignancy. To this goal, we encourage scientists to publish their experimental, theoretical, and computational results in as much detail as possible in the "Colorectal Cancer: A Molecular Genetics Perspective" Special Issue provided by the *International Journal of Molecular Sciences* (*IJMS*).

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
