

## Special Issue

# Molecular and Cellular Aspects of Autoimmune and Inflammatory Rheumatic Diseases

### Message from the Guest Editors

We are pleased to introduce a Special Issue of the *International Journal of Molecular Sciences* that will focus on autoimmune and inflammatory rheumatic diseases. We are experiencing a very fast development of knowledge in the area of autoimmunity, which concerns both pathogenesis and treatment. We would like to encourage original research and review papers dealing with the molecular and cellular aspects of autoimmune and inflammatory rheumatic diseases, focusing on disease mechanisms, potential biomarkers and novel treatment options.

### Guest Editors

Prof. Dr. Marzena Helena Olesińska  
National Institute of Geriatrics, Warsaw, Poland

Dr. Magdalena Szmyrka  
Department of Rheumatology and Internal Diseases, Wrocław  
University of Medicine, Wrocław, Poland

### Deadline for manuscript submissions

closed (30 August 2024)

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore  
- Q1 (Organic Chemistry)
