

Special Issue

Peripheral Biomarkers in Neurodegenerative Diseases

Message from the Guest Editors

Dear colleagues, The purpose of this Special Issue is to collect recent information about peripheral biomarkers in neurodegenerative diseases such as Parkinson's, Alzheimer's, Lewy bodies dementia, multiple sclerosis, frontal dementia, Huntington disease, and others. Papers about molecules useful for diagnosis, evolution, prevention, and risk factors are welcome. We invite authors to contribute original research articles as well as review articles exploring peripheral biomarkers in neurodegeneration. Potential topics include but are not limited to the following: - microRNAs, proteins, and lipids as peripheral biomarkers of Alzheimer's, Parkinson's, Huntington, etc. - Oxidized or inflammation-related molecules as markers of any neurodegenerative disease. - New CSF molecules as biomarkers of neurodegenerative diseases. - Neuroimaging and neuronal activity as biomarkers of neurodegenerative diseases.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Inorganic Chemistry)
