

Special Issue

Breast Cancer Mechanistic Insights and Targeted Therapies

Message from the Guest Editors

Breast cancer remains the most frequent cancer in women and at the same time is a highly heterogeneous disease, reflected on the different prognostic and treatment response rates. Our special issue focus on the identification of biomarkers that underline the oncogenic signaling networks in breast cancer. A particular focus will be on the discovery of novel mechanistic insights for a personalized cancer treatment, and discovery and test of novel targeted therapies, preventing activation of drug resistance mechanisms for each individual breast cancer subtype. The objective of the current Special Issue in *IJMS* is to publish original research papers and reviews of authors interested in addressing these challenges and to cover all the latest and outstanding development in the field of breast cancer.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
