

Special Issue

Cancer Cell Biology and Drug Discovery

Message from the Guest Editors

For this Special Issue, to be published in the *International Journal of Molecular Science*, researchers who are active in all aspects of novel applications of cancer therapy and drug development are invited to submit their latest results. Papers covering fundamental studies, as well as papers discussing applications, are welcome.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
