

## Special Issue

# Target Dysfunctional Inflammation in Cystic Fibrosis Airway

### Message from the Guest Editor

A major cause of morbidity and mortality in patients with cystic fibrosis (CF) is the exaggerated and dysfunctional airway inflammation, which contributes to irreversible airway destruction and fibrosis. Inflammation in the CF airways can occur very early in CF, independently of bacterial infection. This unresolved inflammation contributes to disease progression and determines life expectancy. This Special Issue will give an overview of the recent discovery of key immune processes involved in CF airway disease, the impact of CFTR dysfunction and CFTR modulators therapy on the CF inflammatory phenotype, and the therapeutic perspectives to target airway inflammation in patients with CF.

### Guest Editor

Dr. Valerie Urbach

INSERM, U955 - Institut Mondor de Recherche Biomédicale, Faculté de Médecine de Créteil, 8 rue du Général Sarrail, 94010 Créteil cedex, France

### Deadline for manuscript submissions

closed (15 June 2021)

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore  
- Q1 (Organic Chemistry)
