

Special Issue

Dermal Research: From Molecular Mechanisms to Pathology

Message from the Guest Editor

In this Special Issue, we aim to reveal the latest findings in dermal research to further contribute to this expanding field. We welcome all kinds of relevant topics for this subject in the forms of original research, reviews, or commentaries.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
