

# Special Issue

## Drug Discovery and Development 2.0

### Message from the Guest Editor

This Special Issue, "Drug Discovery, Drug Development, and Regulatory Affairs", will focus on novel approaches (original research articles) as well as reviews of current practices surrounding the continuum of taking products from the beaker to the bedside. This Special Issue will present innovative research involving aspects of drug discovery, drug development as well as biotechnology products.

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
