

Special Issue

Exosomes

Message from the Guest Editor

Intercellular communication between neighbored and distant cells is crucial for cell survival and for responding to endocrine signaling. Exosomes, a class of extracellular vesicle (EVs) involved in cell-to-cell communication, are released mostly by biological fluids and are emerging as novel cell-cell communication mediators in physiological and pathological conditions. This Special Issue aims to present new knowledge and covers all the topics relevant to exosomes in human cancers, cardiovascular disease, obesity, sleep, and neurogenerative deficit. We invite researchers to contribute with either original research or review articles focusing on every aspect regarding the role and function of exosomes in healthy and pathological conditions including the onset and progression of cancer, sleep, and heart diseases.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
