## Feature Papers in 'Macromolecules'

### Message from the Collection Editor

*Macromolecules* Feature articles are high-quality articles written by leading experts on significant topics in macromolecular science. Manuscripts under feature article collections will include original research articles, communications, in-depth reviews, highlights, and viewpoints. Detailed experimental procedures are required for research articles and communications. Accepted manuscripts will be published in Open Access after peer review. Submissions of manuscripts are initiated by invitation from the Academic Editor in charge of this section. Editorial Board Members of the Section of Macromolecules are welcome to submit Feature Articles.

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
