

## Joint Special Issue

# Advances in Green Chemistry and Sustainable Chemistry

### Message from the Guest Editor

An issue devoted to Green and Sustainable Chemistry constitutes a timely exercise, mainly when one witnesses the growing importance of novel alternative solvents, which may not merely act as such but also as new clean extraction media, catalysts, electrolytes, additives, composite nanomaterials, and even as new pharmaceuticals and/or microorganisms metabolite inducers and/or enzyme stabilizers.

---

### Guest Editor

Prof. Dr. Luis Paulo N. Rebelo

Instituto de Tecnologia Química e Biológica, ITQB, Universidade Nova de Lisboa, Av. da República, Apartado 127, 2780-901 Oeiras, Portugal
