

Special Issue

T Cells and Innate Lymphoid Cells in the Immune Response against Hematological Malignancies

Message from the Guest Editors

This Special Issue will be devoted to collecting original research papers, as well as reviews, focused on exploring the crosstalk between hematopoietic cancer cells and immune T or innate lymphoid cells from multiple points of view, including, but not limited to, the bidirectional influence exerted on tumor development/progression, on one side, and on polarization/function/cell-to-cell signaling, on the other side. We also welcome manuscripts related to the potential therapeutic fallout of strategies to boost T and innate lymphoid cell activation, with particular regard to those that impact immuno-suppression and immuno-evasion processes.

Guest Editors

Prof. Dr. Antonio F. Campese

Department of Molecular Medicine, 'Sapienza', University of Rome, 00161 Rome, Italy

Dr. Giovanni Bernardini

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
