

Topical Collection

Feature Papers in Molecular Genetics and Genomics

Message from the Collection Editors

This Topical Collection “Feature Papers in Molecular Genetics and Genomics” will collect high-quality research articles, short communications, and review articles in all the fields of molecular genetics and genomics. Since the aim of this Topical Collection is to illustrate, through selected works, frontier research in this field, we encourage Editorial Board Members of the Molecular Genetics and Genomics Section of the *International Journal of Molecular Sciences* to contribute papers reflecting the latest progress in their research field or to invite relevant experts and colleagues to do so. Topics include, but are not limited to, the following:

- Gene regulation, chromatin, and epigenetics
- Genome integrity, repair, and replication
- Genes or genomes related to phenotypes and human physiopathology
- Gene flow and transfer
- Plant genetic studies
- Evolutionary genomics

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
