Molecular Mechanisms of Organ-Specific Toxicity

Message from the Guest Editor

We are sorry to announce that (University of Aberdeen, UK) passed away in July 2012 after a long fight with disease. In addition to being the initial for this Special Issue, she was a key Editorial Board member of the journal *International Journal of Molecular Sciences* and will be greatly missed.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
