Molecular Insights in Prostate Cancer

Message from the Guest Editor

The rapid advancement of precision medicine technologies and their application in prostate cancer research field has provided a broader venture of exploring the breakthrough molecular biology mechanisms of cancer initiation and aggressive progression. We are eager to publish studies focusing on but not limited to the elucidation and discovery of novel molecular targets indicating earlier detection, poorer clinical outcome, improving stratification of treatment responsiveness, as well as creating new anti-tumor therapeutics, particularly for lethal prostate cancer subtypes, including castration-resistant and metastatic tumors. Genetic/epigenetic profiling studies facilitating understanding of health disparity, earlier onset, and aged prostate cancer incidences are also welcomed.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
