## Single Cell Technology

### Message from the Guest Editors

Publish your single cell work with reduced costs in [International Journal of Molecular Sciences](#) (Impact Factor 3.687) Single Cell Europe Conference is cooperating with IJMS for its special issue "Single Cell Technology". All attendees can submit a manuscript with a 15% discount (CHF 270). Deadline for submission: 20 October 2018. Papers will be published continuously online (as soon as accepted) and will be listed together on the special issue website. Please kindly submit your full paper through the online manuscript submission and editorial system (first-time users are required to register themselves) at: <http://susy.mdpi.com/>. To benefit from the discount, please note the conference information in your cover letter when submitting. This Special Issue will invite the latest research articles and reviews dealing with single cell technology, and the role of single cell technology in omics. Applications and future prospects, with their advantages and limitations, are also welcome.

## About the Journal

### Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
