Traditional Medicine: Connecting West and East

Message from the Guest Editor

Despite similarities, Western medicine and Eastern medicine are very different because they are built on different fundamental principles. Both have their merits as well as their limitations. The general idea that now arises is that both types of medicine are complementary and that we could benefit by connecting Western and Eastern medicine to get the best of both systems. To create a bridge, we should focus on similarities that inspire one to further unravel the molecular mechanism of the mode of action and toxicity of Eastern medicine. The energy perspective, for example, provides a basis to integrate Eastern and Western medicine.

Guest Editor

Prof. Dr. Guido R.M.M. Haenen

Department of Pharmacology and Toxicology, Faculty of Health, Medicine and Health Sciences, Maastricht University, P.O. Box 616, 6200 MD Maastricht, The Netherlands

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
