

# Special Issue

## Zinc Biology 2019

### Message from the Guest Editors

This Special Issue focuses on crucial roles of zinc homeostasis and zinc signaling in biology as regards the molecular and physiological bases, addressing the future directions and questions. Because there is growing interest and attention in the physiopathological contribution of zinc homeostasis and zinc signaling, we believe this Special Issue will provide very timely information on it and thus should appeal to a wide range of readers. The International Society for Zinc Biology Conference 2019 (ISZB-2019, <http://www.iszb2019.com>) will be held in Kyoto, Japan, 9–13 September, 2019. All attendees presenting a paper at this conference are welcome to submit a manuscript for publication (Deadline: 25 November 2019). For further information, please contact the Editorial Office ([olivia.yu@mdpi.com](mailto:olivia.yu@mdpi.com)).

### Guest Editors

Prof. Dr. Toshiyuki Fukada

Molecular and Cellular Physiology, Faculty of Pharmaceutical Sciences,  
Tokushima Bunri University, Tokushima 770-8514, Japan

Prof. Dr. Taiho Kambe

Division of Integrated Life Science, Graduate School of Biostudies,  
Kyoto University, Kyoto, Japan

### Deadline for manuscript submissions

closed (25 November 2019)

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore  
- Q1 (Organic Chemistry)
