

*informatics*

Dear Colleagues,

As the Editor-in-Chief of *Informatics*, I am pleased to announce the winner of the 2019 *Informatics* Travel Award.

The members of the Evaluation Committee were very impressed with the high level of work presented, and after careful consideration, the Travel Award has been granted to **Ms. Ramya Rangan**, a Ph.D. student at Stanford University, Stanford, USA, who is focusing on developing improved methods for predicting and designing RNA structures.

# 2019 TRAVEL AWARD WINNER

The winner will receive **800 Swiss Francs** to be used to attend the International RNA Society conference, 11–16 June 2019, in Krakow, Poland.

It was a difficult decision, given the exceptional quality of more than 50 applications for the awards. On behalf of the award committee, I would like to thank all applicants and to congratulate Ms. Ramya Rangan for her accomplishments.

Professor Dr. Antony Bryant,  
Editor-in-Chief

Informatics Office  
St. Alban-Anlage 66
