Special Issue

Exclusive Papers Collection of Editorial Board Members and Scholars Invited by Editorial Board Members of Informatics

Message from the Guest Editor

As the Editor-in-Chief of *Informatics*, I am pleased to announce this Special Issue titled "Exclusive Paper Collection of Editorial Board Members and Scholars Invited by Editorial Board Members of *Informatics*". This Special Issue will be a collection of high-quality papers from editorial board members and leading researchers invited by the editorial office and the Editor-in-Chief. Both original research articles and comprehensive review papers are welcome.

About the Journal

Message from the Editor-in-Chief

Informatics (ISSN 2227-9709) is an international, peer-reviewed, open access journal, which publishes original theoretical and empirical work on the science of informatics and its application in multiple fields. Our concept of Informatics includes technologies of information and communication as well as the biological, social, linguistic and cultural changes that initiate, accompany and complicate their development. *Informatics* publishes regular research articles, reviews and short notes. There is no restriction on the length of papers, and we encourage researchers to publish their theoretical and empirical results in as much detail as possible. The scientific community and the public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.
