closed (15 September 2018)

Message from the Guest Editors

Dear Colleagues,

The MDPI Information Journal invites submissions to a special issue on “Towards the Multilingual Web of Data”. This Special Issue is concerned with groundbreaking topics at the interface of the Semantic Web, language resources and NLP, with particular emphasis on multilingual aspects. Papers invited by our Guest Editors will be Free of Charges.

Topics of call

- Linguistic Linked Open Data
- NLP on the Semantic Web
- Multilinguality and semantics
- Best practices for multilingual linked data
- Validation, quality and legal issues for multilingual linked data
- Language resources published as linked data
- Ontologies, terminologies and models for multilingual linked data
- Publishing language resources as linked data using language description models such as OntoLex-lemon
- Cross-lingual information access, search and retrieval
- NLP and machine learning approaches for the Semantic Web and Linked Data

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and
Software Engineering, University
of Wollongong, Northfields
Avenue, Wollongong, NSW 2522,
Australia

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [Ei Compendex](#), [dblp](#), and [other databases](#).

Journal Rank: JCR - Q2 (Computer Science, Information Systems) / CiteScore - Q2 (Information Systems)
