Special Issue

Real-World Applications of Machine Learning Techniques

Message from the Guest Editor

The Special Issue "Real-World Applications of Machine Learning Techniques" has been extended! Our aim to is to foster collaboration on and discussion of cutting-edge machine learning techniques and their impact on real-world domains, with a special emphasis on medicine and education. Topics of Interest: We welcome submissions on a wide range of topics related to machine learning, including, but not limited to: Machine Learning in Medicine: - Disease diagnosis and prognosis; - Drug discovery and personalized medicine; - Healthcare management and optimization; Machine Learning in Education: - Intelligent tutoring systems; - Adaptive learning platforms; - Educational data mining; - Personalized and gamified learning; Machine Learning in other Domains: - Manufacturing and industry; - Robotics and automation.

Guest Editor

Dr. Dimitrios Karapiperis

School of Science and Technology, International Hellenic University, 57 500 Thessaloniki, Greece

Deadline for manuscript submissions

closed (31 July 2025)

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo
School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:
free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:
indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:
JCR - Q2 (Computer Science, Information Systems) / CiteScore - Q2 (Information Systems)
