

Special Issue

Cybersecurity, Cybercrimes, and Smart Emerging Technologies

Message from the Guest Editors

The Special Issue "Cybersecurity, Cybercrimes, and Smart Emerging Technologies" is OPEN! This Special Issue will present extended versions of selected papers presented at the Second International Conference on Cybersecurity, Cybercrimes, and Smart Emerging Technologies (CCSET2023). The objectives of CCSET 2023 are to provide a premier international platform for deliberations on strategies, recent trends, innovative approaches, discussions, and presentations on the most recent cybersecurity, cybercrime, and emerging technologies challenges and developments from the perspective of providing real-world security awareness.

Topics:

- Cybersecurity and cybercrime
- Smart emerging technologies
- Social cybersecurity with NLP and deep machine learning
- Blockchain for cybersecurity
- Web application security
- 5G/6G edge/fog computing-enabled Internet of Things
- Cloud computing and applications
- Artificial intelligence for smart emerging technologies
- Security in medical imaging
- Biometric security
- Fake profiles, Honey accounts, and unlawful accounts on social media
- Advances in deep machine learning for cybersecurity

Guest Editors

Dr. Mohamed Hammad

Dr. Ahmed A. Abd El-Latif

Dr. Abdelhamied Ashraf Ateya

Prof. Dr. Mohammed ElAffendi

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /
CiteScore - Q2 (Information Systems)
