

## Special Issue

# 2nd Edition of Information Retrieval and Social Media Mining

### Message from the Guest Editor

The Special Issue "2nd Edition of Information Retrieval and Social Media Mining" is OPEN! It aims to provide a forum for the presentation and discussion of the latest advances concerning web and social media mining. Topics of interest may include, but are not limited to, the following:

- Web mining—content, structure, and usage mining;
- User profiling and personalization;
- Recommender systems;
- Sentiment analysis and opinion mining;
- Social influence analysis;
- Detection and analysis of social communities;
- Information diffusion in social media.

---

## About the Journal

### Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

*Information* is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

---

### Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

#### Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /  
CiteScore - Q2 (Information Systems)
