

Special Issue

Selected Papers for ACITY 2020: Advances in Computing and Information Technology

Message from the Guest Editor

Special Issue "Selected Papers for ACITY 2020: Advances in Computing and Information Technology" has been OPEN! In this Special Issue on "Selected Papers for ACITY 2020: Advances in Computing and Information Technology", topics of interest may include, but are not limited to, the following:

- Aspect-Oriented Programming
- Bio-Metrics
- Cloud computing
- Cyber Security
- Data Mining
- DNA Computing
- E-learning/E-Governance
- Gaming Models
- Green Computing
- High Performance Computing
- Grid Computing
- Knowledge Management & Ontology
- Nano Computing
- Pervasive Computing
- Quantum Computing
- Recent Trends in Computing & Information Technology
- Semantic Web
- SOA
- Soft Computing
- Software Engineering/Metrics/Testing

Guest Editor

Dr. Shahid Ali

Department of Computing, AGI Education Ltd, Auckland, New Zealand

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:

CiteScore - Q2 (Information Systems)
