

# Special Issue

## Digital Privacy and Security, 3rd Edition

### Message from the Guest Editors

This is the 3rd edition of the Special Issue “*Digital Privacy and Security*”. The main objectives with regard to security, privacy, hacking, and cyber warfare are as follows: encouraging study, improving practice, and advancing knowledge; providing intended audiences with technological advancements; transferring knowledge; and encouraging applied research. The Special Issue brings together academic and industrial researchers from all areas of digital privacy and security to share their ideas as well as experiences and learn about the research in contemporary cybersecurity.

## About the Journal

### Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

*Information* is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.
