Special Issue

Machine Translation for Conquering Language Barriers

Message from the Guest Editor

Special Issue on "**Machine Translation for Conquering Language Barriers**" has been OPEN! Topics of interest include but are not limited to:

- Machine translation systems and deployment;
- Analysis of machine translation models and approaches;
- Evaluation of machine translation quality;
- Machine translation quality estimation;
- Corpora and other resources for machine translation;
- Natural language processing for machine translation;
- Language technologies for machine translation;
- Linguistic knowledge in machine translation;
- Machine translation application in various fields.

Guest Editor

Dr. Ivan Dunđer

Department of Information and Communication Sciences, Faculty of Humanities and Social Sciences, University of Zagreb, 10000 Zagreb, Croatia

Deadline for manuscript submissions

31 July 2025

MDPI

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo
School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:
free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:
indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:
JCR - Q2 (Computer Science, Information Systems) / CiteScore - Q2 (Information Systems)
