

Special Issue

Internet of Things and Cloud-Fog-Edge Computing

Message from the Guest Editors

The MDPI Journal *Information* invites submissions to a Special Issue on “Internet of Things and Cloud/Fog/Edge Computing”. The goal of this Special Issue is to invite high-quality, state-of-the-art research papers that deal with challenging issues in Cloud/Fog/Edge Computing across the different parts of the IoT ecosystem. We solicit original papers of unpublished and completed research that are not currently under review by another conference/journal. Topics of interest include but are not limited to the following:

- Internet of medical things (IoT)
- Mobile edge computing
- Osmotic computing
- IoT security
- Confidential computing
- Mobile systems and applications
- Smart communities and ubiquitous systems
- IoT in healthcare, business and industry

Papers' length has to be 9–15 pages and should be formatted according to the MDPI template. Complete instructions for authors can be found at: <https://www.mdpi.com/journal/information/instructions>.

Guest Editors

Dr. Olivier Debauche

Prof. Dr. Mostapha Zbakh

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /
CiteScore - Q2 (Information Systems)
