

## Special Issue

# Sentiment Analysis and Affective Computing

### Message from the Guest Editors

This special issue is aimed at theoretical or experimental works on Sentiment Analysis or Affective Computing in social media, for languages with limited resources, methods to analyze social behaviors, processing linguistic phenomena (negation, irony, sarcasm, etc.), hate-speech detection, fine-grained sentiment analysis, identification of psychological states such as depression, domain-dependent information, transfer learning issues, multilingual aspects, personalized sentiment analysis, etc. Topics of interest include but are not limited to:

- Aspect-based sentiment analysis
- Multilingual sentiment analysis
- Personalized sentiment analysis
- Sentiment analysis or affective computing in languages with few resources
- Resources for sentiment analysis or affective computing
- Negation processing for improving sentiment analysis or affective computing
- Irony or sarcasm detection for improving sentiment analysis or affective computing
- Transfer learning for sentiment analysis or affective computing
- Emotion mining in social media
- Hate-speech detection
- Identification of psychological states such as depression
- Cyber-bullying detection
- Offensive language identification

## About the Journal

### Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

*Information* is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

---

### Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia
