

Special Issue

Algorithms for Lossless Data Compression

Message from the Guest Editors

Special Issue "Algorithms for Lossless Data Compression" has been EXTENDED! This Special Issue is open to high-quality papers dealing with any algorithmic aspect related to lossless data compression, both theoretical and applicative. The key areas of interest include but are not limited to:

- Improvements to known compression schemes;
- Novel compression methods;
- Text, numerical data, structured data;
- Working with data in a compressed form.

Guest Editors

Prof. Dr. Shmuel Tomi Klein

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /
CiteScore - Q2 (Information Systems)
