

## Special Issue

# Biomedical Signal Processing and Data Analytics in Healthcare Systems

### Message from the Guest Editor

Special Issue "Biomedical Signal Processing and Data Analytics in Healthcare Systems" has been OPEN! The aim of this Special Issue is to bring together original research and review articles researching the signal and pattern processing potential of extracting physiological parameters using traditional and modern advances in principled signal processing. Topics of interest include:

- signal processing methods
- machine learning
- intelligent methods to analyze biomedical signals
- pattern processing
- new measuring trends and analysis
- decision making

---

### Guest Editor

Dr. Randa Herzallah

College of Engineering and Physical Sciences, Aston University,  
Birmingham B4 7ET, UK

## About the Journal

### Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

*Information* is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

---

### Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

#### Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /  
CiteScore - Q2 (Information Systems)
