

Special Issue

Biosignal and Medical Image Processing

Message from the Guest Editors

Special Issue "Biosignal and Medical Image Processing" has been OPEN! This Special Issue has the objective of collecting novel and impactful works on biosignal and medical image processing, including but not limited to the following topics:

- Medical image analysis;
- Medical video analysis;
- Medical biosignal analysis;
- Dataset collection for medicine;
- Medical dataset fusion and integration;
- Multi-modal approaches for medicine;
- Transfer learning approaches for medicine;
- Continual learning in medicine;
- Diagnosis approaches for known diseases;
- Unsupervised approaches for knowledge discovery in medicine.

Guest Editors

Dr. Simone Palazzo

Department of Electrical, Electronic and Computer Engineering, PeRCeiVe Lab, University of Catania, Catania, Italy

Dr. Carmelo Pino

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:

CiteScore - Q2 (Information Systems)
