

Special Issue

Smart Infrastructure

Message from the Guest Editors

This Special Issue aims to publish high-quality research papers as well as state-of-the-art review articles that focus on artificial intelligence and robotics in designing, building, and managing infrastructure. Submissions to this Special Issue should be focused on various advances that have taken place worldwide in smart infrastructure technologies for smart cities. I would like to invite you to contribute to this Special Issue on smart infrastructure, to be published in MDPI's journal *Infrastructures*. This Special Issue is very timely and would encompass, but is not limited to, the following emerging topics:

- Design of smart buildings and infrastructure;
- Smart sensors for buildings and infrastructure;
- Innovative building maintenance management system;
- Optimized infrastructure asset management system;
- Smart underground pipes and structures;
- Smart energy-harvesting infrastructure;
- Smart power-grids and energy infrastructure;

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Infrastructures* (ISSN 2412-3811). There is no restriction on the length of the papers. *Infrastructures* is published in open access format. The scientific community and general public have unlimited free access to the content as soon as it is published.

Infrastructures is supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *Infrastructures* as an exceptional opportunity to publish your work.

Editor-in-Chief

Dr. Pedro Arias-Sánchez

Applied Geotechnologies Group, Department of Natural Resources and Environmental Engineering, School of Mining Engineering, University of Vigo, 36310 Vigo, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, and other databases.

Journal Rank:

JCR - Q2 (Construction and Building Technology) /
CiteScore - Q1 (Building and Construction)
