

Special Issue

Advances in Blattodea Research

Message from the Guest Editors

With this Special Issue, we aim to bring together work from all fields of blattodean research in order to increase awareness and interest for this important but somewhat underrepresented clade. We welcome novel research, reviews, and opinion pieces covering all aspects of blattodean biology. We are particularly interested in contributions of an interdisciplinary nature—for example, those combining molecular and bioinformatics tools to address fundamental questions in cockroach and termite biology.

Guest Editors

Prof. Dr. Dino P. McMahon

Institute of Biology, Freie Universität Berlin, 14195 Berlin, Germany

Dr. Mark C. Harrison

Institute for Evolution and Biodiversity, University of Münster, 48149 Münster, Germany

Deadline for manuscript submissions

closed (16 October 2022)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Brian T. Forschler

Department of Entomology, University of Georgia, 413 Biological
Sciences Building, Athens, GA 30602-2603, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed,
PMC, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Entomology) / CiteScore - Q1 (Insect Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 18.1 days after
submission; acceptance to publication is undertaken in 2.9
days (median values for papers published in this journal in
the first half of 2025).
