# Inventions and Innovation in Smart Sensing Technologies for Agriculture

## Message from the Guest Editor

Smart sensing technologies have emerged as powerful tools to enhance productivity, optimize resource utilization, and improve overall agricultural practices. By gathering cutting-edge research and technological advancements in smart sensing technologies, the Special Issue on "Inventions and Innovation of Smart Sensing Technologies in Agriculture" aims to contribute to the advancement of precision agriculture, sustainability, and productivity in the agricultural sector.

## **About the Journal**

### Message from the Editorial Board

The unique journal *Inventions* is different from all other journals. Many scholars spend their lives publishing research papers in many different journals, but most of these journals do not help scholars collate and analyze their results or assist in promoting them to a relevant industry. However, *Inventions* will help authors not only to publish their papers in the journal, but also to promote their research results to industry and assist them in realizing the purpose of technology transfer. In the future, *Inventions* will help authors to evaluate their technology license fees based on the valuation theory and approaches and also help authors to show their patents and technologies on a network transaction platform.

### **Editors-in-Chief**

Prof. Dr. Chien-Hung Liu

Department of Mechanical Engineering, National Chung Hsing University, 250 Kuo Kuang Rd., Taichung 402, Taiwan

Prof. Dr. Shoou-Jinn Chang

Department of Electrical Engineering, National Cheng Kung University, Tainan 701, Taiwan

#### **Author Benefits**

### **High Visibility:**

indexed within Scopus, ESCI (Web of Science), Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)

### **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.8 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
