

Special Issue

Feature Papers in Imaging— Second Edition

Message from the Guest Editors

Cardiovascular imaging is crucial at every stage of managing patients with cardiovascular disease, encompassing diagnosis, risk stratification, therapeutic decision-making, and procedural guidance. We are excited to announce the launch of the second edition of our Special Issue, inviting original papers and reviews that explore the additional value of standard or advanced imaging modalities in the management of the full spectrum of cardiovascular disease. Particular attention will be given to the potential role of cardiovascular imaging in improving personalized medicine through patient-specific diagnosis and prognosis, and to novel imaging techniques and applications.

About the Journal

Message from the Editor-in-Chief

The primary goal of the *Journal of Cardiovascular Development and Disease* (JCDD, ISSN 2308-3425) is to provide cardiovascular scientists a platform to publish their work in a quick and efficient way. Topics can range from studies designed to decipher the events underlying early heart development to studies focusing on the origins of congenital and acquired heart disease. Papers submitted to JCDD undergo a fast, yet thorough, peer-review process. In this process, we will apply strict ethical policies and standards. JCDD guarantees fast dissemination of results to a large scientific audience

Editor-in-Chief

Prof. Dr. Thomas Brand
National Heart & Lung Institute, Imperial College London, South
Kensington Campus, London SW7 2AZ, UK

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPLus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Cardiac and Cardiovascular Systems) /
CiteScore - Q2 (General Pharmacology, Toxicology and
Pharmaceutics)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 28.8 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
