Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to provide state-of-the-art knowledge in colorectal surgery. Colorectal cancer represents one of the third most commonly diagnosed tumors worldwide, with a progressively growing burden. Novel tools and multimodality approaches have been reported to significantly improve the outcomes of colorectal surgery. Submissions of papers describing novel surgical treatments for benign and malignant colorectal diseases are warmly welcomed. This Special Issue will publish original research and review articles.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPUS / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Medicine, General & Internal*) / CiteScore - Q1 (*General Medicine*)
