Message from the Guest Editors

This Special Issue is a collection of selected papers from the European Independent Foundation in Angiology/Vascular Medicine (VAS) (<https://www.vas-int.net/>). VAS is the affiliated society of the *Journal of Clinical Medicine* (JCM).

The aim of the VAS collection is to stimulate updated knowledge and further International collaboration, offering reviews on selected aspects of Angiology/Vascular Medicine. This 2023 edition will focus on the impacts of ageing, vascular literacy, gender difference, and co-morbidities, including diabetes and cancer, on peripheral vascular disease. We also accept original papers on the current perspectives on relevant and emerging topics in Angiology/Vascular Medicine, including epidemiology, pathophysiology, diagnostic tools, and therapeutic intervention.
