Deadline for manuscript submissions:

31 May 2023

Message from the Guest Editors

In this Special Issue, we will present manuscripts that update contemporary concepts in the production, circulation, and reabsorption of the CSF. In order to individualize care and enhance surgical results, we will address contentious issues relating to screening procedures; diagnostic tests, including ICP monitoring; and the treatment of patients with hydrocephalus.

- hydrocephalus
- normal pressure hydrocephalus
- adult chronic hydrocephalus
- Hakim and Adams' syndrome
- CSF dynamic studies
- intracranial pressure monitoring
- shunt selection
- congenital hydrocephalus
- shunt overdrainage
- shunt–patient mismatch
- Hakim's Syndrome
- ventriculo-peritoneal shunts
- cerebrospinal fluid shunts

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: *JCR - Q2 (Medicine, General & Internal)* / *CiteScore - Q1 (General Medicine)*
