

Special Issue

Hysterectomy Surgery—Recent Developments and Emerging Trends

Message from the Guest Editors

We are pleased to introduce this Special Issue on "Hysterectomy Surgery—Recent Developments and Emerging Trends" in the *Journal of Clinical Medicine*. We invite the submission of original research articles, systematic reviews, narrative reviews, clinical studies, and case series related to the following topics:

- Innovations in minimally invasive hysterectomy techniques, including laparoscopic and robotic approaches
- Advances and updates in vaginal hysterectomy
- Perioperative management strategies and enhanced recovery after surgery (ERAS) protocols
- Evaluation of patient-centered outcomes and quality of life following hysterectomy
- Training and education in modern hysterectomy techniques
- Integration of new technologies, such as augmented reality or artificial intelligence, into surgical practice
- Economic considerations and cost-effectiveness of different hysterectomy approaches
- Management and prevention of surgical complications

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
