Advances and Challenges in Colorectal Cancer

Message from the Guest Editor

This Special Issue, *Advances and Challenges in Colorectal Cancer*, will cover cutting-edge advancements and persistent challenges in benign colorectal surgery, with a focus on improving outcomes for common anorectal conditions, such as haemorrhoids, perianal fistulas, anal fissures and pilonidal disease. Reviews and articles of interest will cover approaches to improve outcomes in managing these more common, yet challenging conditions. We look forward to receiving contributions from scholars and experts in the field for this Special Issue.
