"Italian Resuscitation Council" on Resuscitation Science and Emergencies—2nd Edition

Message from the Guest Editors

This Special Issue is the second edition of “Italian Resuscitation Council” on Resuscitation Science and Emergencies—Part I”. The Special Issue aims to collect brilliant contributions from worldwide experts in the field of resuscitation and emergency. Thus, we invite investigators to contribute with original research articles as well as review articles that will stimulate the continuing efforts to understand mechanisms accounting for outcomes of cardiovascular and neurological emergencies; the development of new interventional strategies (surgical and/or medical) to improve survival with good functional recovery; new approaches for evaluation and prediction of outcome; innovation and technology procurement to improve resuscitation and post-resuscitation care; better emergency medical system organization and deployment capabilities; and different training methodologies. Important note: the Italian Resuscitation Council members can receive a 25% APC discount.
