

Special Issue

Clinical Innovation in Endoscopic Sinus and Anterior Skull Base Surgery

Message from the Guest Editors

The Special Issue titled "Clinical Innovation in Endoscopic Sinus and Anterior Skull Base Surgery" delves into the latest advancements, techniques, and technologies that are transforming this field. It also focuses on complex case management, strategies for mitigating complications, and emerging therapeutic options for sinonasal and skull base conditions. We invite contributions that offer insights into evidence-based practices, interdisciplinary collaboration, novel techniques, and future directions in endoscopic sinus and anterior skull base surgery.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi
