

Special Issue

Pediatric Orthopedic Surgery: Clinical Diagnosis, Treatment and Management

Message from the Guest Editor

We are delighted to extend our deepest invitation to you for a Special Issue titled "Pediatric Orthopedic Surgery: Clinical Diagnosis, Treatment, and Management". This esteemed edition aims to explore the latest advancements and best practices in the field of pediatric orthopedic surgery. With a focus on clinical diagnosis, treatment and management, this Special Issue seeks to enhance our understanding of the unique challenges and innovative solutions in pediatric orthopedics. Moreover, over the years, we have seen developments within all aspects of orthopedic surgery in children, using both surgical and non-surgical methods to correct and treat disease. We invite researchers and experts from diverse backgrounds to contribute their original research, insightful reviews and thought-provoking perspectives. By assembling a comprehensive collection of articles, we aspire to promote collaboration, disseminate knowledge and foster advancements in the field of pediatric orthopedic surgery. We look forward to your active involvement in shaping this Special Issue and contributing to the broader scientific community.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits
