

Special Issue

Pediatric Orthopedic Surgery: Clinical Diagnosis, Treatment and Management

Message from the Guest Editor

We are delighted to extend our deepest invitation to you for a Special Issue titled "Pediatric Orthopedic Surgery: Clinical Diagnosis, Treatment, and Management". This esteemed edition aims to explore the latest advancements and best practices in the field of pediatric orthopedic surgery. With a focus on clinical diagnosis, treatment and management, this Special Issue seeks to enhance our understanding of the unique challenges and innovative solutions in pediatric orthopedics. Moreover, over the years, we have seen developments within all aspects of orthopedic surgery in children, using both surgical and non-surgical methods to correct and treat disease. We invite researchers and experts from diverse backgrounds to contribute their original research, insightful reviews and thought-provoking perspectives. By assembling a comprehensive collection of articles, we aspire to promote collaboration, disseminate knowledge and foster advancements in the field of pediatric orthopedic surgery. We look forward to your active involvement in shaping this Special Issue and contributing to the broader scientific community.

About the Journal

Message from the Editorial Board

Journal of Clinical Medicine (ISSN 2077-0383) is an international, peer-reviewed, open access journal dedicated to advancing clinical and preclinical research. Our Editorial Board and staff are committed to delivering cutting-edge, timely, peer-reviewed articles spanning the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and impactful research articles, as well as reviews that are clinically significant and relevant to the full spectrum of medical disciplines. All full texts are archived in PubMed Central and indexed in SCIE (Web of Science), Scopus, PubMed, and other major databases. We invite you to submit your manuscript for publication, as well as join our community as a reviewer or reader online.

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, The University of
Tokyo, Tokyo, Japan

Author Benefits
