# Latest Advances in Ocular Surface Diseases

### Message from the Guest Editor

Ocular surface diseases (OSD) are a group of conditions that affect the outermost layers of the eye and range from mild forms of keratoconjunctivitis sicca to severe conditions, including conjunctival diseases, corneal diseases, dry eye disease, ocular herpes, and other infections. Current concepts and emerging treatments for OSD aim to improve cures, control symptoms, and prevent worsening of the disease. Moreover, emerging strategies for the treatment of OSD hold great promise in improving patient outcomes. However, several challenges remain in the diagnosis and treatment of OSD, including the lack of standardized diagnostic tests and the difficulty in monitoring disease progression. We invite researchers to submit original research and review articles on advanced treatments for the management of cornea and ocular surface diseases. Please [click](#) here to find more information.

### Guest Editor

Dr. Barbara Burgos-Blasco

Department of Ophthalmology, Hospital Clínico San Carlos, Instituto de Investigación Sanitaria (IdISSC), 28040 Madrid, Spain

### Deadline for manuscript submissions

30 September 2025

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000  
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
