

Special Issue

Clinical Innovations in Dental Implant: Expanding Possibilities for Oral Rehabilitation

Message from the Guest Editor

Emerging technologies and advanced methods are greatly expanding therapeutic possibilities, improving patient outcomes and optimising clinical protocols. The introduction of innovative materials, minimally invasive approaches, and digital design techniques has enabled more precise, durable and customised solutions. This Special Issue features articles examining improved biocompatibility of implants, innovations in guided surgery, the use of advanced imaging technologies, and integration with regenerative treatments. It also discusses developments in strategies for managing postoperative complications and customising treatment for different clinical needs. Helping to define new frontiers in oral rehabilitation, this Special Issue offers an important opportunity for professionals to keep up to date, encouraging the continuous advancement of clinical practice in the field of dental implants.

- dental implants
- oral rehabilitation
- biocompatibility
- regenerative treatments

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France
