

Special Issue

Allergic Asthma: Causes, Diagnosis and Treatment

Message from the Guest Editor

It is my great pleasure and honor to announce this Special Issue on “Allergic Asthma: Causes, Diagnosis and Treatment”. As we all know, allergic asthma is a chronic inflammatory disorder of the airways, and is often under- or ill-treated, and fatal for many people. The clinical, economic, and social impact of allergic asthma puts a strain on any national healthcare system and impairs patients’ quality of life. A thorough understanding of which factors may contribute to disease, and how, is critical to achieving progress in the goal of reducing disease incidence and morbidity. This Special Issue of the *Journal of Clinical Medicine* aims to highlight the current challenges of and advances in mechanisms of disease, the diagnosis and treatment of asthma, and broader care for allergic diseases. We aim to attract original research articles, reviews, and communications on the latest updates in allergic asthma, to improve clinical outcomes and ensure the best lifetime management. mdpi.com/si/165877

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France
